Using Agile Methods

TOTAL POINTS 4

1. What are some of the benefits organizations have seen from using agile methods? Select five.　**2 / 2 points**

   ☑ Project Visibility

   > ✓ **Correct**
   > https://explore.versionone.com/state-of-agile/versionone-11th-annual-state-of-agile-report-2 (See Page 9)

   ☑ Increased productivity

   > ✓ **Correct**
   > https://explore.versionone.com/state-of-agile/versionone-11th-annual-state-of-agile-report-2 (See Page 9)

   ☐ Increased project governance

   ☑ Increased Team Morale

   > ✓ **Correct**
   > https://explore.versionone.com/state-of-agile/versionone-11th-annual-state-of-agile-report-2 (See Page 9)

   ☑ Improved Business / IT Alignment

   > ✓ **Correct**
   > https://explore.versionone.com/state-of-agile/versionone-11th-annual-state-of-agile-report-2 (See Page 9)

   ☑ Better Software Quality

   > ✓ **Correct**
   > https://explore.versionone.com/state-of-agile/versionone-11th-annual-state-of-agile-report-2 (See Page 9)

2. The agile principle of "Deliver working software frequently" helps with which of the following challenges of predictive model? Select two.　**1 / 1 point**

   ☑ It helps detect translation issues.

   > ✓ **Correct**
   > By delivering software frequently, a team can get feedback from users and validate if the team understood the requirements correctly

   ☑ It helps validate user needs.

   > ✓ **Correct**
   > By delivering software frequently, a team can get feedback from users and validate if what they delivered will fulfill user needs or they need something different

   ☐ It helps prevent change

3. What new challenges does agile bring? Select two.　**1 / 1 point**

   ☑ Architecture/Design/Database modeling is challenging

   > ✓ **Correct**
   > Is it easier to manage the architecture / design and database modeling if things are changing or when it remain stable? In agile, change is welcomed.

   ☐ Agile eliminates all documentation hence makes it very difficult to use the software

   ☑ Very uncomfortable for leaders because of unpredictable journey

   > ✓ **Correct**
   > In many organization, leaders like to know what will delivered when and what is the return on their investment. In agile, teams embrace change and it makes journey little unpredictable.
